

WHAT IS MIX AND MATCH LED SIGNS?

Exhibition booth, supermarket, mall, shops, schools, government buildings, hospitals, conference, party, and to be used as service recognition, display props, advertising signage, shop front, price tag, brand reminder, counter display, backdrop display, window display, outdoor display, removable display.....

THE DESIGN

LED backlit letters, A-Z both capital and lowercase, numeric 0-9, symbols like “@”, “#”, “&” and more.

These illuminated letters can be mixed and match to form any words you want, then reshuffled again and again, offering countless signage possibilities.

They come in a wide range of changeable colours, to match your brand and messaging requirements.

WHO'S USING THEM?

- These illuminated letters are perfect for:
- Retailers of all types - for window displays and in-store displays.
- Events – exhibitions, shows, conferences, weddings (marquee letter signs)
- Service shop fronts – dentists, optometrists etc
- Restaurants, pubs, clubs & bars
- Sporting events - score boards

INSTALLATION OPTIONS

- Free-standing in shop windows, or on the ground or stage at an event,
- Counter displays for retail or many other uses.
- Hanging from the ceiling, with multiple layer options.
- Fixed perpendicular to the wall, great for outdoor or indoor signage.
- Magnetic board displays for sports events, pubs, bars clubs.
